## Subject:

### How to purchase CDendro & CooRecorder dendrochronology programs?

The programs CDendro & CooRecorder are used for dendrochronological dating of tree samples. These programs have been written by Lars-Åke Larsson at Cybis Elektronik & Data AB, Sweden.

Licenses giving you the right to use these programs are sold by FastSpring (fastspring.com) via our web pages <https://www.cybis.se/forfun/dendro> and a link to a money processing site run by FastSpring.

**You may purchase a license for CDendro & CooRecorder according to the following proposal:**

### Proposal

SN	Description	Quantity	Price
1	Individual user license for CDendro & CooRecorder for Windows with Reg. code	01 License	68 US Dollar
		02 Licenses	136 US Dollar
		....	...

### Terms & Conditions

By purchasing our applications, you agree to our complete [Terms and conditions, Refund Policy and Privacy Policy](#).

Please give special notice to these conditions:

- You will get the software after payment.
- The price above is VAT (or GST) excluded.  
FastSpring will add VAT according to the customer location.
- If you should not pay VAT, see that you fill in your VAT number when ordering.
- When ordering you can order according to your preferred currency.
- Software and Reg. code will be provided online.
- Please use credit card for payment.
- Purchase goes through cybis.se and FastSpring online procurement sites (<https://www.cybis.se/forfun/dendro/>)
- The CDendro & CooRecorder programs are supplied "as-is", i.e. no warranties!
- We recommend our customers to become familiar with [the TRIAL version of CDendro&CooRecorder](#) before ordering:
- Conditions for returns: See [Refund policy and Conditions for returns](#)

If the above short list of conditions is in any way in contradiction with the complete list referred above, the text of the complete list shall prevail.
